Service Measure – Checking fold on rear left fender and applying the preservation agent, if necessary, Model 171

Dear Mr. Shah,

It has been informed by DCAG that the fold on the rear left fender needs to be checked for its folded edge in W 171 vehicles. The below mentioned vehicle is located in your market. Hence please inspect the fold on rear left fender on the affected vehicle during its next visit to your workshop and do the needful.

Chassis No. - WDB 171 442 2F 018812

The related work instructions are attached herewith for your ready reference. Please refer the same for the related operation texts, flat rates and spare part details.

Part Nos. : A 000 986 72 70 05

Damage code - 063910358

Cost Settlement:
A warranty / goodwill claim for the cost of labour and material can be submitted through the usual warranty process channel quoting accounting no. 6391035.

Please claim Rs. 225.00 per vehicle for the MB cavity wax preservation agent (Enter in the sublet column 53).
Completion Deadline:
The activity is to be completed during next visit of the vehicle to your workshop. The target completion date for this campaign is 31st December 2006.

Please advise your concerned staff accordingly and ensure that the above mentioned vehicle is attended for this action when it visits your workshop next time.

Please acknowledge receipt of this letter and in case of any queries, please feel free to contact us.

Thanking you,

With best regards,

WORK DESCRIPTION FOR SERVICE MEASURE

Check fold on rear left fender and apply preservation agent if necessary

Model 171

Check/test procedure

1. Check folded edge on rear left fender (figure 4).
   If the folded edge is NOT correctly folded, continue with the work procedure, otherwise end measure.

Work procedure

1. Remove stop plug (A) from wheelhouse (figure 2).

2. Thoroughly apply preservation agent to area B (figure 1).
   Insert hooked applicator into wheelhouse opening (C) and spray preservation agent in both directions (up and down, figure 3).
   Spray for about 4 seconds in both directions.
   Perform this step twice waiting approximately 5 minutes between applications.

3. Install stop plug (A) into wheelhouse.

Dear Mr. Alok,

The below mentioned CBU was billed to your dealership (Cama Motors - Daman billing) on September 22, 2005.

Please carry out the Service Measure action during the vehicle's next visit to your workshop.

with best regards
